SUMMARY

Results-oriented Mechanical and Mechatronics Engineer seeking a challenging role to apply expertise in designing and implementing innovative solutions for complex engineering challenges.

WORK EXPERIENCE

Mechatronics Engineer

Jan 2023 – Present

Borcelle Technologies

- Led development of an advanced automation system, achieving a 15% increase in operational efficiency.
- Streamlined manufacturing processes, reducing production costs by 10%.
- Implemented preventive maintenance strategies, resulting in a 20% decrease in equipment downtime.

System Engineer

Feb 2021 – Dec 2022

Arrowai Industries

- Designed and optimized a robotic control system, realizing a 12% performance improvement.
- Coordinated testing and validation, ensuring compliance with industry standards.
- Provided technical expertise, contributing to a 15% reduction in system failures.

EDUCATION

Bachelor of Mechanical Engineering with Honors

Aug 2016 – Oct 2019

University of Engineering Excellence

Major in Automotive Technology. Thesis on technological advancements in mechatronics.

SKILLS

- Mechatronics System Integration
- Automotive Engineering Technology
- Robotics and Automation
- CAD for Mechatronics
- Project Management
- Web Development
- JavaScript
- Java

ADDITIONAL INFORMATION

- Certifications: Professional Engineer (PE), PMP
- Awards: Active participant in engineering community projects.
